

PROTOCOLARE 6-Layer Triple Particle Filtration System

Inner Layer

- Moisture Control
- Anti-bacterial Finish

Sponge Bonded

- Droplet Protection

Melt Blown

- Bacteria Filter
- Small Particle Filter

Outer Layer

- Coarse Particle Filter

Technical Specification

BFE* \geq 95%
for $> 3\mu\text{m}$

PFE* \geq 95%
for $> 3\mu\text{m}$

**Splash
Resistance**
Hydrostatic Test
at 160mmHg

Reusable
up to 30 gentle
hand washes
— ☆ —

**Super
Breathable**
Delta $p < 35\text{Pa}/\text{cm}^2$

FEATURES & BENEFITS

1. Comfortable breathing
2. Wider face coverage for maximum protection
3. Innovative 2-panel design for universal fit
4. Soft, elastic ear loops for extra comfort
5. Minimal eyewear fogging
6. Low heat build-up
7. Convenient flat-fold design for easy storage
8. Washable and reusable
9. Value for money
10. Accommodates all facial movements
